***Re: Central States Fabricating Corporation  
Lusher Street Groundwater Contamination Site, Elkhart, Indiana***

Dear Sir or Madam:

Enclosed please find Central States Fabricating Corporation's response to the Request for Information pursuant to Section 104(e) of CERCLA for Lusher Street Groundwater Contamination Site, Elkhart, Indiana. After review of the response, should you have any questions, please do not hesitate to contact the undersigned directly.

Very truly yours,

THORNE • GRODNIK, LLP

  
Jamie C. Woods

JCW: lab  
Enclosure

US EPA RECORDS CENTER REGION 5

412906

### PRELIMINARY COMMENTS

Central States Fabricating Corporation ("Central States") is an Indiana Corporation duly existing and authorized under the laws of the State of Indiana. Central States is in receipt of your Request for Information (the "Request") from your agency regarding the Lusher Street Contamination. The Request and accompanying materials was sent to 2729 17th St, Elkhart, Indiana. Please be advised that this address is incorrect and Central States has never operated at this address. Central States operated at 2720 17th St, Elkhart, Indiana.

Preliminarily, the address 2720 17th St, Elkhart, Indiana where Central States operate is not located within the "Site" as defined in the Request or as set forth on Site Map 2 attached to the Request. That being said, Central States understands from a discussion with Thomas Krueger, attorney for the EPA that the "Site" as defined in the Request was an initial definition that may be subject to modification. Accordingly, your agency has requested that Central States respond to the Request. Central States received an extension of time until July 1, 2011 to respond to the Request.

### RESPONSE TO INFORMATION REQUESTS

- 1 State the dates during which you or your company have owned, operated, or leased a facility or any part thereof located within the boundaries of the Site and provide copies of all documents evidencing or relating to such ownership, operation or lease arrangements (e.g.) including but not limited to purchase and sale agreements, deeds, leases, etc.)

**RESPONSE:** Central States does not own, operate or lease any facility or any part thereof that is located within the boundaries of the "Site" as defined in the Request and accompanying documents. Central States is located at 2720 17th St., Elkhart, Indiana 46517 (the "Property"). This address where Central States operated, was not located within the Site. Central States acquired the property located at 2720 17th St., Elkhart, Indiana through purchasing the property in 1970. Central States moved into the facility and began operating on the Property in the Fall of 1971. Central States stopped operating on the Property and moved to a new facility outside of Elkhart, Indiana on March 31, 2011 due to an expansion in its business. Attached hereto as Exhibit "1" is the deed evidencing ownership of the Property.

- 2 Did you or any other person or entity ever use, purchase, store, treat, dispose, transport or otherwise handle any material containing chlorinated solvents, including but not limited to, trichloroethylene (TCE); trichloroethane (1,1,1-TCA); dichloroethene (trans 1,2-DCE; cis-1,2-DCE; or 1,1-DCE) or tetrachloroethylene (PCE) at a facility within the boundaries of the Site? If the answer to this question is anything but an unqualified "no," with respect to each facility identify:
  - a) the chemical composition, characteristics, physical state (e.g., solid, liquid) of each material;
  - b) who supplied the material;

- c) how, when, and where the material was used, purchased, generated, stored, treated, transported, disposed of or otherwise handled;
- d) the quantity of such materials used, purchased, generated, stored, treated, transported, disposed of or otherwise handled;
- e) all supervisory personnel for areas where chlorinated solvents were identified above. For each person identified, indicate the years during which they were a supervisor and, to the best of your knowledge and belief, their duties and responsibilities.

**RESPONSE:** Central States did not use, purchase, store, treat, dispose, transport or otherwise handle any material containing chlorinated solvents as described in this Request.

- 3 Identify all past and present solid waste management units (e.g., waste piles, landfills, surface impoundments, waste lagoons, waste ponds or pits, tanks, container storage areas, etc.) at each facility you or your company have owned, operated, or leased within the boundaries of the Site. For each such solid waste management unit, provide the following information:

- a) A map shows the unit's boundaries and the location of all known solid waste management units, whether currently in operation or not. This map should be drawn to scale, if possible, and clearly indicate the location and size of all past and present units;
- b) the type of unit (e.g., storage area, landfill, waste pile, etc.) and the dimensions of the unit;
- c) the dates that the unit was in use;
- d) the purpose and past usage of the unit (e.g., storage, spill containment, etc.);
- e) the quantity and types of materials (hazardous substances and any other chemicals) located in each unit;
- f) the construction (materials, composition), volume, size, dates of cleaning, and condition of each unit; and
- g) if unit is no longer in use, describe how unit was closed and what actions were taken to prevent or address potential or actual releases of waste constituents from the unit.

**RESPONSE:** Central States has not owned, operated or leased any solid waste management units. Any and all waste generated by Central States was non-hazardous material and was disposed of in HIMCO trash hoppers.

- 4 Identify all leaks, spills, or releases into the environment of any chlorinated solvents or materials containing chlorinated solvents that have occurred at or from any facility you or your company have owned, operated, or leased within the boundaries of the Site. In addition, identify:
- a) when, where, and how such leaks, spills or releases occurred;
  - b) the amount of each leak, spill or release;
  - c) activities undertaken in response to each such leak, spill or release, including the notification of any agencies or governmental units;
  - d) investigations of the circumstances, nature, extent or location of each leak, spill or release, including the results of any soil, water (ground and surface), or air testing undertaken; and
  - e) all persons with information relating to these leaks, spills or releases

**RESPONSE: Central States did not have any leaks, spills or releases into the environment of any chlorinated solvents or materials containing chlorinated solvents. Central States did not use, purchase, store, treat, dispose, transport or otherwise handle chlorinated solvents.**

- 5 Provide copies of all local, state, and federal environmental permits ever granted for any facility (or any part thereof) you or your company have owned, operated, or leased within the boundaries of the Site (e.g., RCRA permits, NPDES permits, etc.)

**RESPONSE: Central States was granted an air release permit from the Indiana Department of Environmental Management. The permit number is 039-7072-00372. A copy of IDEM's issuance of the permit is attached hereto as Exhibit "2".**

6. Identify any persons or entities, other than those responding to this information request, that may have information about the history, use, purchase, storage, treatment, disposal, transportation or handling of any materials containing chlorinated solvents at any facilities in the area identified as the Lusher Street Ground Water Site

**RESPONSE: There are no individuals that would have knowledge of the use, purchase, storage, treatment, disposal, transportation or handling of any materials containing chlorinated solvents at Central States because Central States did not use chlorinated solvents.**

- 7 To the extent you believe that another person is responsible for any leaks, spills or releases into the environment of any chlorinated solvents or materials containing chlorinated solvents at or from any facility you or your company have owned, operated, or leased within the boundaries of the Site, identify:

- a) the name and address of that person or persons;
- b) when, where, and how such leaks, spills or releases occurred;
- c) the amount of each leak, spill or release; and
- d) the detailed basis for your belief that each such person is responsible for leaks, spills or releases, including any transactional documents, reports, or other documentation supporting your belief

**RESPONSE:** Central States does not believe that any person has caused any leaks, spills or releases into the environment of any chlorinated solvents or materials containing chlorinated solvents from the Property in Elkhart, Indiana. Central States occupied and used the property continuously from the Fall 1971 until March 31, 2011.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based upon my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there is significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
